

# SIMPLIFYING HEALTHCARE NETWORKS WITH ADAPTIV BUSINESS CONNECT

## Healthcare delivery is shifting closer to home

High number of office-based or independent physicians, dental practices, retail clinics, pharmacies and labs

**67%**  
Physicians in private practices

**72%**  
Dentists in private practice

**2,800**  
Retail clinics in the US

**68,000**  
Community pharmacies (independent and retail chains), of which 1/3rd are independent

**95%**  
Labs are physician office labs, independent labs and other local labs

## Network reliability, security, and simplicity are critical success factors for distributed points of care.

Meaningful use of electronic health records (EHR) depends on access to highly available, low latency bandwidth

- As of 2017, nearly 9 in 10 (**86%**) office-based physicians had adopted EHR

Excessive time is spent on non-clinical, non-billable tasks

- 49.2%** of a doctor's office day is spent on EHRs and desk work

Telemedicine expands revenue potential but needs a fast, smart and reliable network

- Cost reductions of **15-30%** by shifting from hospital care to distributed home-based healthcare

Secure network connectivity is critical for compliance with HIPAA

- Healthcare data represents **1/3<sup>rd</sup>** of potentially compromised records

## Legacy networks are complex, costly and need skilled IT resources to provide digital patient care

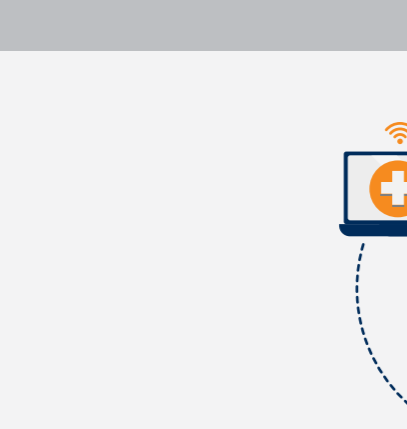

### Adaptiv Business Connect ensures seamless patient care across distributed sites

**Agile and secure connectivity** for accessing patient records and cloud applications

**Crystal clear voice and video** quality for telehealth services

Centrally cloud-managed network **requiring no local IT skills**

**Always-on network** for zero disruptions to patient care and staff productivity

**Enhanced confidential data security** for HIPAA compliance

Adaptiv Business Connect is the simple cloud-managed networking solution for healthcare providers.

Better connectivity that improves the patient experience, scales quickly, and keeps patient health records secure.

Are you digitally transforming your healthcare services? Get Adaptiv Business Connect to ensure you are always connected.
